Glass Bottle Crusher

PRODUCT INFORMATION

MODEL NO: CR001

DESCRIPTION: Glass Crusher

FUNCTION

- Crushes approximately 1500 x 330ml glass bottles per hour, reducing the bottles to non-hazardous glass sand.
- The volume of bottles is reduced by 80% i.e. 8 bags of bottles reduced to 1 bag of glass sand.
- Also crushes ceramics, pottery and plate glass (not laminated glass).
- Quiet, clean and safe operation.
- Crushed glass is less than 4mm in diameter.
- Average grain size approximately 1mm.
